## DELTA CARNIVAL

Suzanne White Manning, Artistic Director  
David Manning, Director

welcome you to a

LIVING GALLERY OF IMAGES AND IDEAS in Sound/Light/Movement

gathered from the Synergic Art Workshop

Created and presented by:

MYRNA MUNCHUS-BULLOCK	ANN DELORIA	MARJORIE SCHEER	BRYCE WAGNER
ROSA CARUSO	NICOLE LAMOTTE	SUSAN SETTERGREN	workshop assistant

PLEASE NOTE: Everything you will be seeing tonight was initially created and presented during the course of the past month's workshop - on-the-spot, and in less than 2 hours working time, sometimes as little as 20 minutes. In order to sustain and develop an idea-level stage of perception and creativity, the opportunity and intention to formulate a finished aesthetic whole was deliberately avoided. We are now extending samples of our explorations to you, the audience, because we feel it is a unique opportunity to share a very exciting and seminal stage of the creative process - a way to expand the scope of our workshop experience. In that sense, you are here more in the spirit of workshop participants than simply as observers.

For the 1st piece, watch from anywhere in the building outside of the large circle in the middle of the floor.
